

INNOVATIVE TV PRODUCTIONS SINCE 1998

netventure sets standards in the development of the latest technologies for TV productions

netventure FACTS

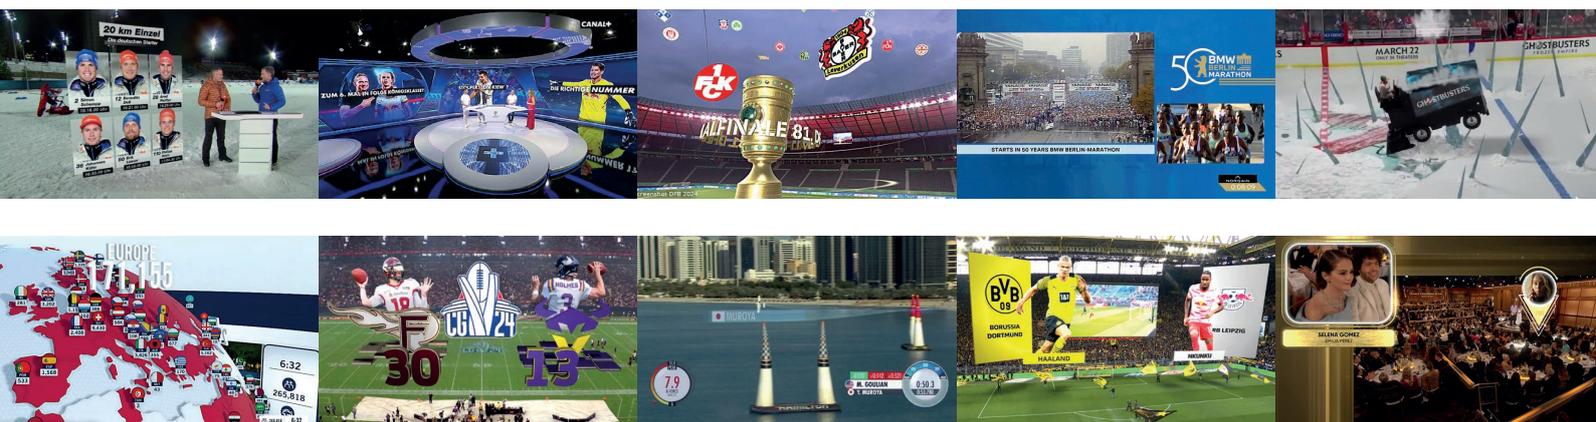

With our head office in Berlin/Germany and branches in Austria, France and Italy, we are supporting national and international customers worldwide in media production for more than 28 years. With 30+ permanent employees and an international network of freelance experts, we offer high-quality products and reliable end-to-end services for your TV productions. We focus on match graphics, augmented / virtual reality, tracking solutions, development and implementation of the latest technologies and software, graphic design and operating TV graphics (remote or on site) for live broadcasts.
